

Fees Policy - Winter Season

Registration Fees

Player fees are required to be paid during registration on PlayHQ.

For any players joining after the season has started, a pro-rata fee will be applicable. This fee will be decided upon by the committee and will not be negotiable. These fees should be paid within 4 weeks of joining the club, otherwise the player will be deemed un-financial and their registration with the club will be suspended.

Payment Methods

Within PlayHQ, payment must be made in order to complete registration and fees must be paid in full. In the exceptional case where a payment plan is required, guardians should contact the club treasurer at treasurer@wesleynetballclub.org.au to agree a plan. This must be done before registration can be completed.

Overdue Fees

Where fees are overdue outside of the periods mentioned above, the club treasurer will contact the appropriate families and give them notice of the fees and advise of an additional week for payment to be made in full.

If payment is still not received and there has been no communication from the parent / guardian, the player will be classed as un-financial and their registration with the club will be suspended.

Sibling Discount

Families with more than two children registered with Wesley, the third player will be entitled to a \$50 discount.

Refunds

The default position of the club is that there are no refunds although in exceptional circumstances this may be considered by the committee. These situations include where:

- a player receives a season ending injury whilst either training or playing netball for Wesley.
- the team disbands due to lack of numbers.

Part or whole fees may be refunded, however the committee's decision on this will be not negotiable.

If a player withdraws their registration from Wesley Netball Club before the season starts, a written (email) request for a refund must be submitted to the Committee for consideration. If a refund is granted, an administration fee of \$30 will be retained by the Club.
